Mohammad Elham Nejrabi

Concord, CA | (925) 755-6890 | elham.nejrabi2005@gmail.com

EDUCATION

University of California, Davis - BS Electrical and Computer Engineering, Expected May 2028

Diablo Valley College - AS Electrical Engineering, GPA 3.7, Graduated May 2026

EXPERIENCE

Private Tutor, Islamic Center of Contra Costa — Jun 2024 - Present

- Directly improved student educational outcomes by creating personalized learning frameworks in algebra, trigonometry, and physics; achieving consistent grade improvements and 90%+ student retention with 8-12 weekly students.
- Demonstrated passion for making education accessible by designing customized lesson plans and study materials tailored to each student's unique learning pace, learning styles, and knowledge gaps.
- Fostered STEM engagement by building student confidence through patient instruction, real-world problem applications, and mentorship; tracked student progress with measurable improvements in test scores and assignment completion rates.

Assistant Manager, Domino's Pizza — Nov 2021 - Present

- Improved operational efficiency with 100% on-time shift coverage and zero inventory discrepancies by implementing digital scheduling and audits across 15+ team members.
- Enhanced team performance through standardized onboarding and monthly skills reinforcement, reducing training errors and ensuring consistent food safety compliance.
- Increased order accuracy 15% during peak hours through optimized crew assignments and real-time communication procedures.

President, Automotive Club, Diablo Valley College — Oct 2025 - May 2026

- Managed resources for 50+ members; boosted engagement 25% by designing technical workshops on automotive fundamentals, diagnostics, and hands-on maintenance skills.
- Expanded organizational reach 40% through outreach initiatives making technical content accessible to first-year students.

PROJECTS

Study Group Finder Application - Full-Stack Web App (Expected Sept 2026)

- Architected secure full-stack application with object-oriented design; built scalable SQL (SQLite) database with sub-100ms query response times using optimized patterns.
- Designed RESTful API endpoints with Node.js and Express; developed responsive React frontend with 95+ accessibility scores using semantic HTML and CSS optimization.
- Technologies: JavaScript, React, Node.js, Express, SQL/SQLite, RESTful APIs, Git/GitHub, HTML, CSS

TECHNICAL SKILLS

Languages: Python, C++ (object-oriented), JavaScript
Frontend: React, HTML, CSS, responsive design, accessible UI
Backend: Node.js, Express.js, RESTful API design
Databases: SQLite, SQL, database schema design, query optimization
Tools: Git/GitHub, Linux, Microsoft Office
Competencies: Full-stack development, object-oriented programming, performance optimization, problem-solving, software design, education technology
